

# Rithy Sok

Junior Software Developer

Dear Hiring Manager,

I am excited to apply for the Junior Software Developer Company. With a strong passion for software development and a commitment to a growth background in Software Engineering, I am eager to contribute to your team and further enhance my skills in the field.

Currently pursuing a degree in Software Engineering at Norton University, I have dedicated myself to mastering various aspects of software development. I have focused extensively on mobile app development, particularly on the Android platform. Through coursework and personal projects, I have honed my skills in Java and Kotlin, the primary languages for Android development. Additionally, web development with basic programming HTML, CSS, JavaScript and frameworks such as NodeJs, and ReactJs. Furthermore, as the data store, I have used MySQL database and source code version control in GitHub and GitLab.

What excites me most about the opportunity at your company is the prospect of working on real-world software projects and collaborating with seasoned professionals in the industry. I am keen to leverage my knowledge and skills to develop innovative, user-centric software solutions that positively impact end-users.

stands out to me because of its strong reputation for delivering technology solutions in Android applications and its commitment to the professional growth of its employees. I am eager to contribute to your team's success while continuing to learn and develop as a software developer.

Thank you for considering my application. I am enthusiastic about the possibility of how my qualifications align with the needs of your Company. Please find my resume attached for your review.

Warm regards,

Sok Rithy
